

SPRING CYPRESS
ASSISTED LIVING AND MEMORY CARE

WEEKLY RESIDENT SPOTLIGHT

Although my nickname is Sue, my real name is Suzan spelled with a “z” after an ancestor. I was born in North Adams, Massachusetts. Before moving to Texas, I lived in eleven different places in 18 years. My husband, Dick died in 2018 after 60 years of marriage. We have 3 children, 6 grandchildren, and 2 great grandchildren. (one more on the way)

I was a “late bloomer”! I did not go to college until my youngest child went to school. I started college in Vermont and finished my undergraduate here in Texas at the University of Houston. I also have two master’s

degrees from Stephen F. Austin!

Upon graduation, I taught English, Speech, and reading in Humble and Kingwood Texas. After seven years in the classroom, I became a counselor at Kingwood High School. I loved it! I retired when my husband did after 25 years in education.

Dick and I loved to travel. We have been to; England, Germany, Italy, Australia, Ireland, Panama, Scotland, Mexico, Costa Rica, Belize, and of course Canada. We also traveled in the United States. Our last trip was taking an RV from Utah to Alaska! What a fantastic trip! I even got to drive in the snow on Pink Mountain!

I love sports!! All sports!! I was an avid golfer having a 25 handicap when I moved to Texas. I gave up golf when my husband could no longer play. He had Alzheimer’s and dementia! I am going through withdrawals with

no sports on TV!!

Since moving to Spring Cypress Assisted, I have played Bridge, and other card games and rummikub. I have made three prayer shawls and

have put many puzzles together. I cannot wait to play Bridge again!!! Being a people person, I look forward to knowing all of you better.
